Set up in 2008 by Mr Tony Skanes, himself an ex-offender, Thoroughcare Advisory Service, is pleased to offer any offender legal assistance.

From personal experience, Mr Skanes is aware of the difficulties which those incarcerated, or released, have had to deal with and has seen how many solicitors have been unable to assist these specialist needs.

“TAS” offers assistance and legal services to those incarcerated, or released within the last 18 months. Private cases such as Civil, employment disputes etc. are also available through “TAS” at a very reasonable cost.

## Our Services:

1. No form filling.
2. A dedicated thorough service, whereby all parties understand your requirements and will instruct you accordingly.
3. “TAS” is a dedicated advisory group who work in association with Legal Service Commission appointed solicitors.
4. “TAS” can also offer correspondence courses to help improve social skills and aid employment prospects through their affiliation with Criminon United Kingdom (Registered Charity 1098120), and a member of the Open College Network South East Region.
